Date: Monday, February 5, 2018 10:30:00 AM

Ron,

Lang Reynolds, who heads Duke Energy's EV efforts, forwarded the info below on a 2/14/2018 Lunch and Learn in RTP about EV fleets. The program is designed for fleet managers, and I thought you or your team may be interested.

Christy Agner gave me your name as someone I could talk with generally about ZEVs and the state fleet. Would you have 30 minute today to talk with me? Alternatively, tomorrow between 2:30 and 4:30?

Jeremy

Click *here* if you are having trouble viewing this message.

Join us on Valentine's Day to learn about the new 2018 Nissan LEAF! Nissan, Duke Energy and Plug-in NC will be hosting a free lunch and learn to provide education to fleet managers on the value and benefit of making the switch to electric vehicles. We would like to encourage entities that operate light duty vehicle fleets, plus any commercial customers that have applicable fleets, to join us to learn about adding electric vehicles to your fleet and to see the new 2018 Nissan LEAF.

The event will take place on Wednesday, February 14 from 12 pm to 2 pm at The Frontier – 800 Park Offices Drive, Research Triangle Park, NC 27709. Lunch will be provided for free, but registration is required.
